

# Nasser

## Welcome to my CV!

Tiel, The Netherlands

nasszhd@gmail.com

Visual- & Web Designer

A 26-year-old young professional with a knack for **creativity** and a wealth of knowledge beyond my years. I thrive on being a **quick learner** and an **adaptive teacher**, having ventured into the realms of self-taught **graphic-** and **web design** in various different markets and fields.

**Energetic**, enthusiastic, and committed to crafting digital magic, I specialize in turning ideas into **stunning visuals**. Whether it's designing captivating **websites**, crafting compelling business content, or mastering the art of digital creation, I'm your go-to **creative** dynamo.

I'm all about **direct communication**, fostering personable working relationships, and maintaining that perfect **balance between work and play**. With a comfort in **public speaking** and a pursuit of near-perfection, I'm here to bring digital dreams to life!

# Work Experiences

?

Nothing here...  
but not for long...?

Always curious...

I'm pretty much always willing to hear about new offers, projects or any other opportunities.

Netherlands only

If you've got something that will really mama my mia, just contact me either with the contact details on **the last page** or just head straight to **my website** and fill in the contact form there!

Up to you

Cow Hills  
ORISHA

Cow Hills | Orisha  
Marketeer

Feb 2024 / Sep 2024

Maarn / Hybrid

Part-time

After being acquired by the Paris-based holding company Orisha, I was responsible for implementing new branding across the entire company.

Digitally and physically, in all applications, existing and new - I had to redesign and reconfigure all documents, templates, mail signatures and more - in order to adhere to Orisha's branding guidelines.

Assisted in event preparations and various other tasks, technical and internal improvements and internal support.

tink

tink

# Skills & Interests

## Visual Design

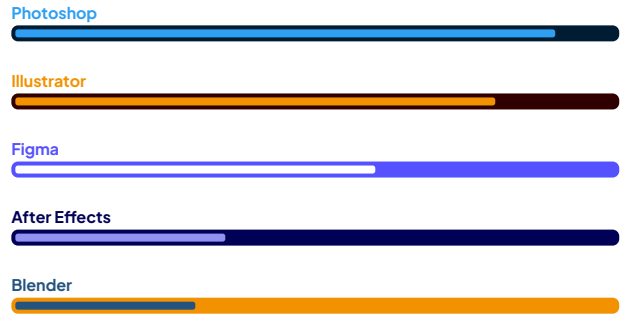

Starting off as a way to enrich my early web design journey, I have grown to love developing myself in both graphic- and webdesign.

Photoshop Illustrator Figma  
After Effects Blender

### Honourable mentions

Canva Adobe XD Vegas Pro

## Skill levels

## Web Design & Development

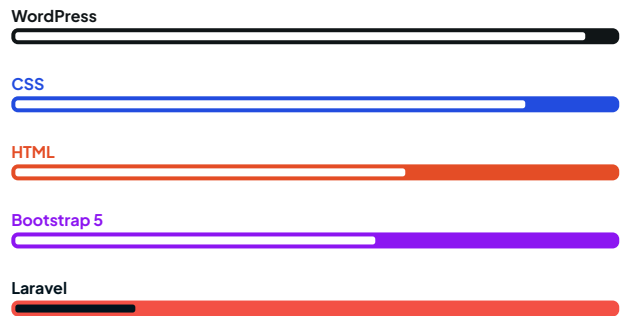

I adore bringing creative ideas to life with functionality, though the **visual** aspect of creating digital and physical projects remains #1

WordPress CSS HTML Bootstrap 5  
Laravel

### Honourable mentions

Python SQL Liquid Javascript

## Skill levels

## General tech & Misc.

Even though I obtained an IT Administration degree, the world IT has become more of a hobby than a preferred profession. But in my creative career, this field is a very well-complementing set of skills to have, useful on a daily basis

Word PowerPoint Excel Windows  
Linux

### Honourable mentions

Windows Server Yunohost (Debian)
